

## RACE ROUTE / MAP:

### MTB

Below is the MTB race. I will start just outside Gaborone, About 3 km from Game City Mall on the A1 road going towards Lobatse. The start can be seen from the A1 road on the left just right just past the BTC Earth station and St Joseph's College turn off. You will see a right turn and small hut on the right. (Slow down, look, be VERY careful you cross a busy highway at this point).

The route is not very technical so that it is safe and that all participants can ride it, however, it has enough challenges to make it competitive. It has climbs, sand, single tracks and enough areas to pass. (You can go to Google Maps and type Kgale Hill and look just south of this to appreciate the type of terrain)
